

GRASSLAND

GRASSY AREAS OF THE TCDC

Red-tailed Hawk
(*Buteo jamaicensis*)

Sharp-tailed Grouse
(*Tympanuchus phasianellus*)

Meadow vole
(*Microtus pennsylvanicus*)

Red fox
(*Vulpes vulpes*)

Historically this area would have been mostly tall grass prairie composed of very productive soils. Humans have used this productive soil to their advantage and these grassland areas have now become cropland used by local farmers.

Woolly Bear Caterpillar
(*Lophocampa maculata*)

Western Meadowlark
(*Sturnella neglecta*)

Monarch Butterfly (*Danaus plexippus*)
