Bring emergency folders with you.

Aletta Holstein Farm (no volunteers needed at the farm unless you want **one**, especially if you do not have an EA)

- Prepare students with info
 - students need to go to the washroom prior to leaving on the bus
 - they need their boots on when they leave
 - they will need to stay with their group at all times
 - we are coming back to the school to change into outdoor shoes after the morning trip
 - lunches stay at the school until we get back from the farm (have a large basket for them to go into so it is easy to get them on the bus and later gather them into one place)

- **9:15 am** - Load buses
- **9:30 am** - Arrive for tour at Aletta Holstein Farm
- Our groups will be by classroom group – 3 groups
- We will be done about **11:00 am**

- Return to the school – go to the washroom, get a drink of water, pick up lunch (Note: if we think the grounds will be too wet to sit at the TCDC, we will have an early lunch at school before we go to TCDC)

Tell your volunteers that are joining us for the afternoon to be at the school by 11:20 am so they can follow the bus to TCDC. They will need a lunch. We may leave a few minutes earlier if we can. (Russ will be taking his vehicle with supplies & med kit at his station)
